- **Sheave Diameter:** 20mm
- **Length:** 52mm
- **Width:** 14mm
- **Max Line Diameter:** 6mm
- **Breaking Load:** 540Kg
- **Weight:** 13.9g

Details: The A2020P-4036 is a plain bearing block attached to an A4036 lacing eye. The A2020P is made using 100% recycled plastics and the well-known Allen Ultra-Strap. Ideal for elastic take up systems or any other application where dynamic performance is not vital. This block looks very similar to the 20mm dynamic version. To differentiate we have changed the sheave colour to grey.
